COMMISSIONER

SHAUN A. ST. GERMAIN  
DIRECTOR

## MDPB Protocol Webinars

The Medical Direction and Practices Board is seeking stakeholder input about future protocol changes. One method, will be monthly webinars to discuss the next section of the protocols being reviewed by the MDPB. This effort is intended to give stakeholders an opportunity to comment on potential changes the medical directors will be discussing, as well as offer suggestions for other changes.

### Procedures:

- The Medical directors may have a brief slide set of items for discussion
- Maine EMS will facilitate the webinar and will pass questions or comments that come in electronically through the webinar system for Medical Director comment
- The opportunity for stakeholders to comment will be via Email, Twitter, or the integrated discussion board of StartMeeting. (Please see below for electronic means of communication)
- Due to time constraints questions not answered in the allotted time will be recorded; and Maine EMS will work with the respective Medical Director to develop aggregate responses
- Phones will be muted to eliminate background noise and ensure the Medical Director can be heard clearly. (Please see below for electronic means of communication)
- If a stakeholder intends to recommend a change, we ask that they be prepared to send supporting documentation and evidence via email for the MDPB to review
- Meetings will be recorded for later review

### StartMeeting:

- If interested in hosting a shared screen session, please contact Maine EMS for details
- To connect via phone: US Toll Number: (701) 801-1220
- Meeting ID: 587-145-925

All individuals interested in listening in should use the phone number listed above and enter the meeting ID when prompted.

Those interested in making comment while listening can do so via the following mechanisms:
